History of AprovePeru

The NGO Asociación Pro Desarrollo Perú Vida - APRODE PERÚ, is a private non-profit organization, founded on July 18, 2007 in the city of Lima. It was born from the aspirations of a team of professionals and caring people willing to contribute to the human, social and sustainable development of Peru, who, at the call of Percy Gómez Merino, a Peruvian citizen born in the city of Chulucanas, Morropón Province - Piura Region, established an official organization in accordance with Peruvian law. Since its foundation, Aprove Peru established two main objectives, promote humanitarian aid and cooperation for the development of Peru at a national level.

Aprove Peru today recognizes in its founding associates the personal quality, courage, trust, social commitment and love for others demonstrated since the first years of institutional life. These values were and continue to be the pillars that allow us to advance, grow and inspire those who today lead and participate in the institutional life of APRODE PERU.

Establishing Aprove Peru has been a long road full of difficulties and needs, but also of infinitely gratifying moments. Thanks to the dedication, perseverance, responsibility, honesty and dedication of those who are part of our institution; day by day we manage to face the obstacles that we face, however during the years of institutional life we can see many projects and activities that only seek to contribute to improving the quality of life of our fellow beneficiaries of vulnerable communities nationwide in compliance with human rights and the welfare of all Peruvians.

In Aprove Peru, we reaffirm our unavoidable commitment to continue working for the development and welfare of the people, inspiring our people with a single phrase: "Believe to Create and Do to Achieve".

OUR MISSION

We fight for the quality of life of Peruvians in need, seeking to reduce the levels of poverty in the most vulnerable communities and low-income populations that do not find equity and feel excluded from society.

OUR VISION

We want to be a leading institution in the human, social and sustainable development of our beloved Peru and to be an inspiration for the emergence of more actors of change to achieve a society with values.
